An email response with "**Approved Pavement**" or "**Approved Grass**" and the "**start date of the TFR**" in the subject line will serve as your authorization to park at Sky Manor Airport.

**PLEASE PRINT THE EMAIL AND THIS APPLICATION AND PLACE THEM ON THE GLARESHIELD WHERE THEY ARE VISIBLE AT ALL TIMES WHILE PARKED. PAYMENT IN FULL OF THE ESTIMATED FEE IS EXPECTED WHEN YOU DROP OFF YOUR AIRPLANE.**

### Fees:

\* Grass parking is free. The grass parking area is west of the restaurant in line with the Cessna 150 and Cessna 170 that are permanently parked on the grass. The best grass parking is west of the 170 across the taxiway. We suggest you walk the area first to locate the tie down spots and the best way to enter and exit the grass area. Use of the grass area is entirely at your own risk. Every airplane must be tied down. You'll need to bring your own tiedown ropes, chocks, and tiedown anchors. There are nine spots with tiedown rings that are available first-come first-served. Don't count on them being available. They are marked with small yellow flags. You can arrive up to 2 days before the TFR and can stay 2 days after the TFR. Additional time may be requested if needed, but must be approved in advance.

# Paved Ramp space, if available *AND IF APPROVED IN ADVANCE*, is \$20/night (bring your chocks and tie down ropes) and limited to the day of the start of the TFR and up to one additional day following the end of the TFR. Additional time may be requested if needed, but must be approved in advance. Please bring a check and envelope; you can leave it with the restaurant cashier, or Sky Beckons Aviation (the flight school), or under the door of the airport office in Building G. Make your check payable to: Sky Manor Airport Partners LLC; please write on the envelope: 'TFR Parking'.

We're doing our best to accommodate you - Thank you for your cooperation in making this temporary guest parking manageable for Sky Manor Airport.

***We appreciate your favoring Sky Manor Airport with your business during this and future TFR's.
